

Day 1: ESMO Sarcoma & GIST Symposium Faculty closed meeting

Sunday, 2 February 2020

Symposium Faculty

12:30–13:30	Lunch
-------------	-------

13:30-15:25 115'	Discussion 1 non-ETS round cell sarcoma	Chairs:
5'	Intro	Paolo G. Casali, Milan, Italy
10'	Transcriptomic definition of molecular subgroups of small round cell sarcomas	Franck Tirede, Lyon, France
10'	Epigenetic definition of molecular subgroups of small round cell sarcomas	Christian Koelsche, Heidelberg, Germany
10'	EWSR1-NFATC2: different from the rest?	Karoly Szuhai, Leiden, Netherlands
10'	the spectrum of tumors with BCOR involvement: morphology or genetics?	Cristina Antonescu, New York, NY USA
10'	How should we treat these rare non-ETS round cell sarcomas?	Robert Maki, New York, NY, USA
60'	Panel discussion, including case and data sharing	

15:25-15:55	Coffee Break
-------------	--------------

15:55-18:00 125'	Discussion 2 NTRK spindle cell sarcomas	Chairs:
5'	Intro	Jean-Yves Blay, Lyon, France
10'	Is "NTRK spindle cell sarcoma" a separate entity?	Winette van der Graaf, Amsterdam, Netherlands
10'	classification of tumors: morphology or genetics?	Christopher Fletcher, Boston, MA, USA
10'	NTRK fusions in sarcoma: driver or passenger? And NTRK fusions: test by NGS?	Judith Bovée, Leiden, Netherlands
10'	NTRK fusions: How many sarcomas	A. Paolo Dei Tos, Milan, Italy
10'	NTRK fusions: test by immunohistochemistry?	Frederic Bibeau, Caen, France
10'	NTRK spindle cell sarcoma: how to treat?	Andrew Wagner, Boston, MA, USA
60'	Panel discussion	

Soft tissue sarcoma (STS) & Gastrointestinal stromal tumours (GIST): Basic course

Monday, 3 February 2020

08.30-10.00 90'	Session 1a The localised disease	Chairs: J. Bovee, Leiden, Netherlands S. Sandrucci, Turin, Italy
25'	The pathology of STS & GIST	Marta Sbaraglia, Treviso, Italy
25'	The "clinical" genetics of GIST	Eva Wardelmann, Münster, Germany
25'	Surgical margins in STS & GIST	Yvonne Schrage, Leiden, Netherlands
15'	Discussion	

10.00-11.00 60'	Session 1b The localised disease	Chairs: P.G. Casali, Milan, Italy V. Quagliuolo, Rozzano, Italy
25'	Principles of radiation therapy in STS	Aisha Miah, London, UK
25'	Adjuvant chemotherapy of STS & GIST	Cesar Serrano, Barcelona, Spain
10'	Discussion	

11:00-11:30	Coffee break
-------------	--------------

11.30-13.30 120'	Session 2 The advanced disease	Chairs: I. Judson, London, UK A. Fedenko, Moscow, Russia
25'	Principles of systemic therapy of STS	Robin Jones, London, UK
25'	Targeted therapy of metastatic GIST	Axel Le Cesne, Villejuif, France
25'	Immuno therapy of STS & GIST	Claudia Valverde, Barcelona, Spain
25'	Surgery of metastases	Chandrajit P. Raut, Boston, MA, USA
20'	Discussion	

13:30-14:15	Lunch
-------------	-------

Soft tissue sarcoma (STS) & Gastrointestinal stromal tumours (GIST): **Advanced course**

Monday, 3 February 2020

09:00-11:00	Session 1 Localised STS and GIST	Chairs:	
120'	Multidisciplinary tumor board discussion of Localized Soft Tissue Sarcoma and GIST	Presenter: A. Gronchi Discussants on Panel table: C. Fletcher, Baldini, Haas, Bonvalot, Swallow, Le Cesne, W. Tap, Patel	

11:00-11:30	Coffee break
-------------	--------------

11:30:13:30	Session 3 Advanced STS and GIST	Chairs:	
120'	Multidisciplinary tumor board discussion of Metastatic Soft Tissue Sarcoma and GIST	Presenter: A. Gronchi Discussants on Panel table: AP Dei Tos, De Laney, A Miah, Hohenberger, Raut, Demetri, Blay, Martin Broto	

13:30-14:15	Lunch
-------------	-------

ESMO SARCOMA & GIST SYMPOSIUM 2020

Monday, 3 February 2020, cont.

14:15-14:30 15'	Opening & Welcome	Chairs: Scientific Committee
7.5'	Welcome from ESMO	Paolo G. Casali, Milan, Italy
7.5'	Welcome from EURACAN – check with JYB & PGC	Jean-Yves Blay, Lyon, France

14:30-15:30 60'	Session 1 SPAEN/PAGs	Chairs: Jean-Yves Blay, Lyon, France Markus Wartenberg, Wölfersheim, Germany
15'	Presentation title to be defined	To be announced
15'	Presentation title to be defined	To be announced
15'	Presentation title to be defined	To be announced
15'	Discussion	

15:30-16:00	Coffee break
-------------	--------------

16:00-18:00 120'	Session 2 Challenges in classification	Chairs : P. Picci, Bologna, Italy J. Whelan, UK
20'	Pathology and genetics of STS	Christopher Fletcher, Boston, MA, USA
20'	Genetics of GIST	Jonathan Fletcher, Boston, MA, USA
20'	What is in the WHO new sarcoma classification, what should be a pathologic subtype of STS?	A. Paolo Dei Tos, Padua, Italy
20'	Challenges in sarcoma registration vis-a-vis the WHO new sarcoma classification	Aannalisa Trama, Milan, Italy
20'	What a pathologic diagnosis of STS should say today	Judith Bovée, Leiden, Netherlands
20'	Discussion	All

18:10-19:10	Industry satellite 1
-------------	----------------------

Tuesday, 4 February 2020

08:30-10:30 120'	Session 3 Challenges in pathologic diagnosis	Chairs: A.P. Dei Tos, J Bovee
20'	The clinically relevant immuno landscape of sarcomas	Robert Maki, New York, NY, USA
20'	The technological potentials and challenges of NGS in STS	Franck Tirede, Lyon, France
20'	How can we be pathologically agnostic in diagnosing a STS?	Cristina Antonescu, New York, NY, USA
20'	What does being pathologically agnostic clinically mean in STS?	Jean-Yves Blay, Lyon, France
20'	The technological potentials and challenges of liquid biopsy	Roberta Maestro, Aviano, Italy
20'	Discussion	All

10:30-11:00	Coffee break
-------------	--------------

Tuesday, 4 February 2020, cont.

11:00-12:40 100'	Session 4 Challenges in surgery	Chairs: P. Collini, Milan, Italy Y. Schrage
20'	The requirements of good surgery of STS today	Peter Hohenberger, Mannheim, Germany
20'	The evolving approach to the surgical margin across sarcoma histologies and primary sites	Alessandro Gronchi, Milan, Italy
20'	The requirements of good surgery of GIST today	Piotr Rutkowski, Warsaw, Poland
20'	Challenges in surgical decisions about residual disease after TKIs in GIST	Carol Swallow, Toronto, ON, Canada
20'	Discussion	All

12:40-13:30	Lunch
-------------	-------

13:30-14:30	Industry satellite 2
-------------	----------------------

14:40-16:00 80'	Session 5 Challenges in radiation therapy	Chairs: R. Haas, A. De Paoli, Aviano, Italy
20'	The evolving indications to radiation therapy in STS today	Elisabeth Baldini, Boston, MA, USA
20'	Challenges in incorporating new technological options in radiation therapy of STS today	Thomas De Laney, Boston, MA, USA
20'	Pre-operative chemo-radiation therapy in STS	Shreyaskumar Patel, Houston, TX, USA
20'	Discussion	

16:00-16:30	Coffee break
-------------	--------------

16:30-18:30 120'	Session 6 Challenges in medical treatment of STS	Chairs: E. Grignani, Candiolo, Italy X. Garcia Del Muro
20'	The scope of medical therapy of STS today	Paolo G. Casali, Milan, Italy
20'	How many "rare" STS are to single out in today's medical therapy?	Silvia Stacchiotti, Milan, Italy
20'	Reshaping vascular sarcomas	Vinod Ravi, Houston, TX, USA
20'	The challenging model of epithelioid sarcomas	Anna Maria Frezza, Milan, Italy
20'	Challenges in breaking down uterine sarcomas	Suzanne George, Boston, MA, USA
20'	Discussion	All

Wednesday, 5 February 2020

08:30-10:30 120'	Session 7 Challenges in medical treatment of GIST	Chairs: M.A. Pantaleo, , Bologna, Italy I. Judson, London, UK
20'	How to tailor, how to stretch adjuvant therapy in GIST	Cesar Serrano, Barcelona, Spain
20'	Challenges in current use of standard agents in GIST today	Peter Reichardt, Berlin, Germany
20'	Challenges in approaching a non-KIT/PDGFR mutated GIST patient today	Sebastian Bauer, Essen, Germany
20'	New avenues of medical therapy in GIST	George Demetri, Boston, MA, US
20'	How could we clinically exploit liquid biopsy in GIST?	Andrew Wagner, Boston, MA, USA
20'	Discussion	All

10:30-11:00	Coffee break
-------------	--------------

Wednesday, 5 February 2020, cont.

11:00-12:20 80'	Session 8 Challenges in desmoids	Chairs: S. Piperno-Neumann, Bordeaux, France M. Fiore, Milan, Italy
20'	Is there room for surgery today?	Sylvie Bonvalot, Paris, France
20'	Is there room for radiation therapy today?	Rick Haas, Amsterdam, Netherlands
20'	Challenges in exploiting and assessing medical therapy of desmoid tumours	Bernd Kasper, Mannheim, Germany
20'	Discussion	All

12:20-13:10	Lunch
-------------	-------

13:10-14:10	Industry satellite 3
-------------	----------------------

14:20-16:20 120'	Session 9 The challenging immuno landscape of sarcomas and GIST	Chairs: M. Aglietta, Turin, Italy H. Gelderblom, Leiden, The Netherlands
20'	The challenging state of the art of immuno therapy of STS today	William Tap, New York, NY, USA
20'	The challenging state of the art of immuno therapy of GIST today	Jonathan Trent, Miami, FL, USA
20'	Adoptive immuno therapy in STS	Lee Helman, Los Angeles, CA, USA
20'	Combination immuno therapy attempts	Javier Martin-Broto, Palma de Mallorca, Spain
20'	New targets, new agents and new strategies for immuno therapy	Armelle Dufresne, Lyon, France
20'	Discussion	All

16:20-16:30	Take home messages and close	Chairs
--------------------	-------------------------------------	---------------
